EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification on page 1 under "RELATED APPLICATIONS" delete the sentence therein and insert therefor:

This application is a continuation-in-part of U.S. Application serial No. 10/196265, entitled "Drilling Fluid Additive System Containing Talc & Carrier" which was filed on July 17, 2002, now Patent No. 6,734,145.

REASONS FOR ALLOWANCE

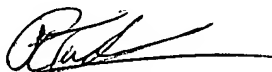

1. The following is an examiner's statement of reasons for allowance: Applicants Terminal Disclaimer overcomes any potential double patenting issues with US 6734145 and US 6737384. The prior art fails to teach or suggest the present composition containing the talc, graphite and copolymer beads, clay, pH controller, fluid loss controller, dispersant and carrier. The prior art of Rickards US 6,059,034 teaches the possible use of talc and graphite in an agglomerate, and separately copolymer beads, in a well fluid but does not teach their use together, or the use of the specified carriers, clay etc.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip C. Tucker whose telephone number is 571-272-1095. The examiner can normally be reached on Monday - Friday, Flexible schedule.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
